Sports Trader

The Position

We are seeking an experienced Sports Trader to trade in both in-play and pre-match markets. We are looking for specialised sporting knowledge and the ability to trade across multiple sports. The ideal candidate will be highly experienced at preparing and manipulating trading models. The candidate will have an understanding how a market will form and strength of price. Other responsibilities include: risk management, customer profiling and market analysis.

You will need to be prepared to work a flexible 5 from 7 day/night work pattern, including some night working.

We are looking for someone who is enthusiastic about collaborative working and sharing of ideas and a willingness to learn.

We are a passionate, forward-thinking, innovative company where things are always happening. We're looking for people who work quickly, are competitive self-starters, smart and do what is needed.

Responsibilities

- Compile and distribute odds, monitor bets and change models accordingly.
- Pricing of upcoming events.
- Continual improvement of trading models to ensure that our product is competitive and to give feedback to the data analysis team.
- Create reports to monitor and interrogate customer activity.
- Profile customers and liaise with Compliance when necessary.

Required skills

- Excellent sporting knowledge on a variety of skills
- A keen interest in Football, Horse Racing, Cricket, Tennis, Basketball or sports covered by live TV.
- Strong numeracy skills with a high level of accuracy.
- Previous sports trading experience with a gambling organisation.
- Understanding of risk management and client profiling.
- Ability to work under pressure and to tight deadlines.
